

DIY SODA CAN SHAKER

MATERIALS

- ◇ Empty soda can
- ◇ Piece of paper
- ◇ Dry rice or beans
- ◇ Tape

STEPS

1. Start with a clean, empty soda can
2. Roll your paper into a funnel and place it into the opening of the can
3. Carefully pour a handful of dry rice or beans into the can through your funnel
4. Remove the funnel and place a piece of strong tape over the can opening
5. Hold the can sideways at the ends and rock it gently back and forth
